#MyTrendSetters

WHAT IS IVAS?

Derived from the word “NIVAS” which has a sanskrit origin which symbolizes a house, apartment or other shelter that is the usual residence of a person, family or household in which one’s domestic affections are centered.

IVAS is a revolutionary concept that transforms home interior design with innovation. The letter “A” symbolizes our unwavering commitment to upgrading living space, which embodies our aim to usher in a new era of interior design that is better, bigger, and stronger. IVAS strives to inspire and redefine the home interior landscape by pushing the boundaries of design and creating living spaces that reflect unique personality and style. Join us on our journey to redefine the essence of interior design with IVAS.

The logo for NIVAS is displayed in a large, bold, sans-serif font. The letters 'N', 'I', 'V', and 'S' are black. The letter 'A' is stylized, with its left vertical stroke in black and its right vertical stroke in black, but the triangular center is filled with a solid orange color.

I'm delighted to be partnering with IVAS, a pioneering brand that is revolutionizing the market with its premium products to make your home look beautiful.

IVAS Electricals is a fusion of modernity and functionality and a timeless masterpiece that transcends trends.

The brand's passion lies in transforming ordinary spaces into extraordinary living experiences, redefining the heart of your home with innovation, elegance, and precision.

Infra.Market, India's Leading Construction Materials Company proudly introduces an innovative fan range under its consumer brand, IVAS.

With our highly qualified team of professionals across 15 diverse product categories that serve various industries from construction to electricals; we have achieved numerous milestones rebuilding the ecosystem through innovation and technology. Riding the success of our brand based on evolving customer requirements, IVAS Fans are designed to offer best-in-class performance with latest technology, leading to substantial energy savings for all our consumers.

Our products are designed to be technically superior providing the desired comfort with an ever-lasting experience to our consumers.

BLDC FANS BY IVAS

Your first step towards a better future!

Introducing the latest innovation in ceiling fans - Brushless Direct Current (BLDC) fans by IVAS. Experience a longer lifespan with reduced noise and 60% savings on energy consumption at an affordable price. Upgrade to IVAS BLDC fans and enjoy the ultimate cooling experience with optimum comfort and efficiency.

INTRODUCING

TECHNOLOGY

Photon Orb Sieve Technology

A groundbreaking enhancement to ceiling fans that is set to revolutionize your lighting and airflow experience. By harnessing the power of light and pattern creation, POS Technology takes ceiling fans to a whole new level.

THE NAME "POS TECHNOLOGY" STEMS FROM ITS CORE CONCEPTS.

PHOTON

Symbolizes the fundamental unit of light.

ORB

Represents the captivating spherical shape that defines this technology.

SIEVE

Component acts as a mechanism that skillfully separates finer and coarser particles, creating breathtaking patterns in space.

TECHNOLOGY

The application of scientific knowledge to achieve highly advanced things

Immerse yourself in the beauty of POS Technology and elevate the aesthetics of your living space with this cutting-edge fan technology. Through the generation of an array of mesmerizing light patterns, each fan possesses a unique identity, adding an undeniable touch of elegance and serving as a captivating centerpiece in any room.

Let the magic unfold as your ceiling fan transforms your room into a visual masterpiece that will leave you in awe
